Butler County Company Boost Economy and Production

ILS Hosts Ribbon Cutting Ceremony

Hamilton, OH —February 2, 2011 — Innovative Labeling Solutions (ILS) is hosting a Ribbon Cutting Ceremony in conjunction with the Cincinnati USA Regional Chamber and the West Chester Liberty Chamber Alliance on Wednesday, February 9th from 1:30 -2:30 p.m. at ILS headquarters in Hamilton, Ohio.

In the last year, ILS has been recognized for contributions to economic growth in the Butler County area, increasing their staff by over 18% and a 20% increase in revenue in 2010. To celebrate these accomplishments, ILS will unveil the addition of two new HP Indigo WS6000 state-of-the-art industrial printing presses at the ceremony, making them the only digital package printing company in the world to have three.

“We believe this significant capital investment represents commitment to continued future growth and expansion for the organization and a positive impact on the region. The HP Indigo press technology is revolutionizing how brands go-to-market, and ILS is leading the way in delivering it,” said, ILS president, Jay Dollries.

Attendees will enjoy light refreshments and a tour of the digital facilities. Doug Moorman, VP of Economic Development of the Cincinnati USA Regional Chamber and Joe Hinson, President of The W. Chester Liberty Chamber will speak to the success of ILS. Vince Pentella, Director of Strategic Development for HP Indigo will also make remarks.

For additional information about Innovative Labeling Solutions visit www.ilslabels.com or call 888.860.2457.

About Innovative Labeling Solutions

ILS is a digital label and packaging specialist located just outside Cincinnati, OH. They print labels and packaging for consumer product companies across the U.S. With three HP Indigo presses installed at the plant, as well as finishing equipment for hot stamping, embossing, specialty varnishes, flexible packaging laminations and shrink sleeve steamers, ILS’ state-of-the art facility offers turn-key solutions to the marketplace. They are an international leader in the label and packaging industry.
